Historic Walking Guides: Madrid

£8.99

Available now from Destinworld Publishing! A range of walking guides around Madrid by author Beebe Bahrami.

This book is the perfect companion for any visit to Madrid- the capital city of Spain. Where other guidebooks cover stale material, this book uncovers the historic attractions and little-known sights of one of Europe's most cosmopolitan and ancient cities.

Each walk is themed, allowing you to explore one at a time, or simply pick the routes that interest you. Walks are clearly written, with individual maps to follow and plenty of photographs.
